

PPS 2024 PRESERVATION AWARDS

On Tuesday, November 19, the Providence Preservation Society (PPS) will confer awards that recognize outstanding preservation, adaptive reuse and community heritage projects that have been completed in Providence during the preceding two years; and individuals, community groups or organizations that have had a substantial impact on heritage efforts across the city.

Award submissions will be reviewed by an expert jury of external preservation and design professionals. Past winners include projects on the interior and exterior renovation of 14 buildings to provide housing for low-income families through Crossroads, the Rise 'N Shine coffee shop's adaptive reuse of an 1858 carriage house in Smith Hill, Brown University's relocation and redesign of Sharpe House, and Cornish Associates' redevelopment of three commercial structures on Westminster Street, among others.

Please join us in recognizing recent projects that have brought new life to buildings and neighborhoods in historic Providence.

All sponsors receive logo placement or name recognition on site, in the printed invitation (if received by 9/1 deadline) and program and in all online event communications, as well as a special thank you post via social media. Sponsors gain exposure to PPS' diverse online audience, including 15,000+ social media followers and 5,000+ email subscribers.
